

Greetings!,

Every Breast Cancer Solutions client has a name, a face, and a story.

**Meet our first client, Mary.** Mary was diagnosed with breast cancer in 1998. She was homeless, living in her car without food and facing a dire situation: She could not continue her breast cancer treatment because of her financial situation and lack of housing.

That's where we came in. Mary called Breast Cancer Solutions and we found housing for her. Then, we made sure she had food to eat and provided support during her surgery recovery. Breast Cancer Solutions made it possible for Mary to continue her treatment.

Since 1998, **Breast Cancer Solutions has provided over \$4.9M in direct client financial assistance** for housing, food, utilities, transportation and out-of-pocket medical expenses. Mary's story was the beginning of a 20-year history serving **over 4,000 clients** who may have otherwise stopped, delayed or been denied treatment.

Nearly 20 years later, Mary still stays in touch with us. In a recent note, she wrote:

*"Just a note of hello with deep heartfelt thanks...I never forget that the kindness of strangers with caring compassionate hearts can make a world of difference in troubling times."*

You can make a world of difference to a client by **making your year-end donation to Breast Cancer Solutions at [www.breastcancersolutions.org](http://www.breastcancersolutions.org).**

When you give to Breast Cancer Solutions, your donation directly impacts the life of a client like Mary. Thank you for being a part of a client's story!
